

PRODUCT INTRODUCTION

VIGIL Software - V4.02 - HIGH DEFINITION capabilities up to 1.3 MegaPixel

VIGIL - VQ-501 Megapixel camera

The VQ-501 delivers high-speed IP video and great day/night performance in an attractive, low-profile package.

Users can select the resolution they want, when they want it, from CCTV up to HDTV or even megapixel.

The VQ-501 is easy-to-install and easy-to-support. Its industrial design ensures reliable operation in even the most demanding network environment. Its rugged package is ideal for the professional installation where plastic, consumer-grade products fall short.

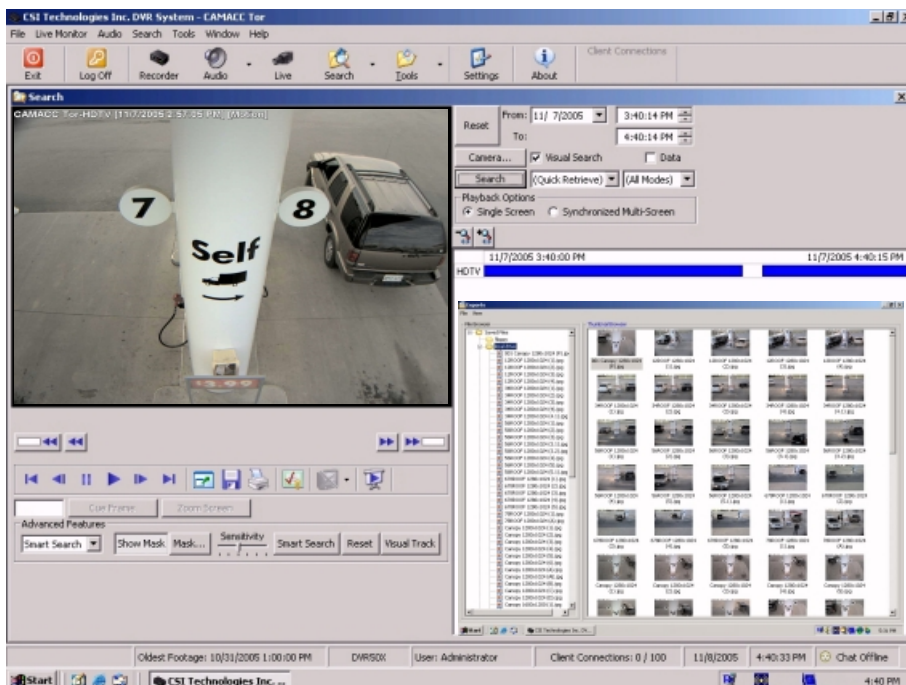

Unlike many other manufacturers, VIGIL will not leave you stranded.

*All VIGIL DVR's from versions 1.0 are upgradeable to 4.02 !!!

** Camacc help desk will even show you how to upgrade your existing VIGIL DVR !!!
